

PLANTERS' BULLETIN

OF THE RUBBER RESEARCH INSTITUTE OF MALAYA

A MEDIUM OF THE R.R.I.M.'S SERVICE TO ESTATES

Articles are of direct practical use to planters.

Publication is on the first of each alternate month, issues being successively numbered.

RRIM

LOCATION. The institute's laboratories and offices at the third mile, Ampang Road, Kuala Lumpur are open from 8 am to 1 pm and 2 pm to 4 pm on Mondays to Fridays, and from 8 am to 12.30 pm on Saturdays.

EXPERIMENT STATION AND FACTORY. This station of the RRIM is situated 16 miles from Kuala Lumpur, at Sungei Buloh on the Kuala Lumpur — Kepong — Kuala Selangor road. Visits may be made on Mondays or Wednesdays by arrangement. There is a guest house.

CORRESPONDENCE. All LETTERS must be addressed to the Director, Rubber Research Institute of Malaya, Post Office Box 150, Kuala Lumpur. Special enquiries may be marked for the attention of particular officers. The address for TELEGRAMS is Searching, Kuala Lumpur. TELEPHONE: Kuala Lumpur 72051. PARCELS occasionally arrive without any indication of their origin. Senders' names and addresses should be written clearly on the outside of all packages, and advice of despatch should be given by letter or telegram.

PROHIBITED PLANT SPECIMENS. Attention of planters and others in territories outside the Federation of Malaya and Singapore is drawn to the Malayan Plant Importation Rules which prohibit the importation into Malaya of any part of a plant, whether living or dead, unless it is accompanied by a permit issued by the Director of Agriculture, Federation of Malaya. No permit will be issued in respect of any diseased plant or any plant pest. Any plant imported in contravention of these Rules (whose object is to prevent the introduction of diseases or pests) will be destroyed without examination. Anyone outside Malaya who desires our advice on any matter that may require examination of living material must first enquire by letter.

ADVICE. Enquiries are invited from rubber producers in the Federation of Malaya, Singapore, Nigeria, the colony of North Borneo, and the territories of Sarawak and Brunei, who may require more detailed information applicable to their own special problems. Where it is considered necessary, visits will be made to estates in Malaya as convenient. Visits to estates in other territories are by special arrangement. The only visits for which charges are normally made are those of our clone identification inspectors. INTERVIEWS should be arranged by letter, as members of the senior research and advisory staff are frequently absent on visits to plantations.

PUBLICATIONS. Subscription to all or any of our series of publications (*Planters' Bulletin*, *Journal*, *Reports*, and miscellaneous booklets) may be made by depositing \$15 with us. An annual statement of account will then be submitted. We are unable to give annual subscription rates or any form of discount, but for multiple subscriptions a lower rate of initial deposit is acceptable. Postage is charged on oversea mailings. A list of 'Publications of the RRIM' is available on request.

PLANTERS' BULLETIN

Main Contents

Planters' Bulletin 58

Page

Editorial: Packing	1
Bale Coatings for Natural Rubber	2
Planting Materials Used in Malaya 1960	14
Tapping Budded Trees Planted Before 1940	19
RRIM 600 Series Clones	23
Notes: Secondary Leaf Fall	28
Amendments to Planting Recommendations 1961-62	29
Nomenclature of Prang Besar Clonal Seedlings	29
Journal Indexes	29

Planters' Bulletin 59

Editorial: R.R.I.M. Planters' Conference 12-14 July, 1962	31
Defects in Sheet Rubber — Bubbles	32
Thrips	47
Notes: <i>Journal</i> , Volume 17, Part 2	49
Correspondence: Root Disease	50

Planters' Bulletin 60

Editorial: Standardisation of the Product	55
Defects in Sheet Rubber — Rust	57
Foreign Exchange Clones	61
Paraquat — a New Contact Herbicide	65
SP Rubbers: Progress in 1961	67
Simazine — a Pre-emergence Herbicide	71
Notes: Notes on the Effect of Cover Plants on Tree Canopy and Girth	74
Despatch of Specimens	76
Research on Weedkillers	76

Planters' Bulletin 61

Editorial: An Example of Co-operation	77
Species and Varieties of Flemingia in Malaya	78
RRIM 600 Series Clones in Estate Trials	85
Possibilities of Green Budding Techniques	94
Notes: pH Papers	97
Mouldy Rot Sprayers	98

Planters' Bulletin 62 (Planters' Conference Issue)

	Page
Review of the Planters' Conference Proceedings	99
Jungle Clearing	103
Notes on the Burning of Jungle	109
Mechanised Replanting and First Year Establishment	113
Costs of Establishing Rubber in Jungle Areas	123
Replanting Under Shade	127
Uniformity of Density on Hilly Land Planted on Contour	130
Propagation of Hevea by Budding Young Seedlings	136
Planting Stumped Buddings	148

Planters' Bulletin 63

Editorial: Wasted Years	153
Dunlop Polythene-Bag Planting Technique	154
Propagation of Hevea by Cuttings	161
Defects in Sheet Rubber — Discolouration	163
Alternate Daily Periodic Tapping of RRIM 501.	
Preliminary Results	172
Notes: <i>Journal</i> , Volume 17, Parts 3, 4 and 5	176
Sheeting Batteries	180
